Stakeholders Overview

Key Metrics:

-Sales by Year:

- Peak: 2022 (\$481)
- Decline: 2025 (\$451)

- Sales by Month:

- Highest: January & June (\$201)
- Lowest: November (\$186)

- Top 5 Countries by Sales:

USA, Canada
, France, Brazil, Germany

Insights:

- Yearly sales dropped slightly in 2025.
- Strong seasonal trends with spikes in January and June.
- Consistent sales growth in USA, with Canada as an emerging second market.

Sales Overview

Key Metrics:

- Total Sales: 2,329 | Total Quantity: 2,240
| #Invoices: 412 | Avg Invoice: \$5.7 .

- Sales by Track Duration:-

Medium (53%)
, Long (34%), Short (13%).

-Top Genres by Sales:

- Rock (\$827), Latin (\$382), Metal (\$261), Alt & Punk (\$242).

-Top Countries by Sales:-

USA (\$523), Canada (\$304),
France,
Brazil, Germany .

-% Sales Distribution:

- USA = 18% - Rock = 36%

Insights:

- Rock contributes most sales revenue.
- USA and Canada are the strongest sales contributors.
- Track duration correlates with sales (medium is preferred).

Customers & Employees Overview

Key Metrics:

- 59 Customers, 24 Countries

- Top Countries by Customers:

USA, Canada,
Brazil, France, Germany.

- Top 10 Customers by Sales:

Highest = Helena
Holý (\$50),
others between \$43-\$48.

-Employee Revenue Distribution:

- Jane Peacock: 36%
- Margaret Park: 33%
- Steve Johnson: 31%.

Bottom Countries (by customers):-

Argentina, Australia,
Austria, Belgium, Chile (7 each).

Insights:

- The U.S. has a significant customer base and revenue share.
- Customer base is evenly distributed among bottom-tier countries.
- Employee performance is well balanced.

Artists & Albums Overview

Key Metrics:

- 275 Artists, 347 Albums, 3503 Tracks

- Top Artist (by albums):

Iron Maiden (21 albums)

- Top Album (by tracks):

Greatest Hits (57 tracks)

- Top 5 Artists by Sales:

Iron Maiden, U2, Metallica, Led Zeppelin, Lost

- Top 5 Tracks by Sales:

"The Trooper", "Dazed and Confused", etc. (\$5-\$4 each)

Media Type Sales:-

MPEG audio: \$1,956 (dominant)- Others like AAC formats are negligible (< \$5)

Track Duration:-

Medium (56%), Long (30%), Short (14%)

Top Genres by Track Count:-

Rock (1,297), Latin, Metal, Alternative & Punk, Jazz

Top Albums by Sales:-

Battlestar Galactica (Classic), The Office S3, etc.

Insights:

- Rock dominates in both track volume and sales.
- MPEG format is the preferred media type for sales.
- Medium-length tracks are most common and sell best.

Recommendations:

Recommendations

All Recommendations

- Investigate root causes of 2025 decline-customer churn, marketing dip, etc.
- Launch seasonal campaigns in November to address low sales.
- Continue investing in Rock music distribution.
- Localize marketing in Canada and France to leverage growth potential.
- Offer targeted promotions for short track formats to increase diversity..
- Prioritize engagement in countries like Canada, Brazil, France, with growing bases.
- Explore expansion strategies for underperforming countries (e.g., offer promotions).
- Consider incentivizing employees with the highest revenue share to mentor others.
- Focus marketing and production on Rock genre and medium-length tracks.
- Increase availability in MPEG audio format.
- Analyze why some top-selling albums are TV shows-consider cross-industry bundles.

Summary of Key Recommendations

<u>Area</u>	<u>==></u>	<u>Action</u>
Genre Focus		Invest in Rock & Latin
Format Strategy		Prioritize MPEG audio format
Sales Growth		Focus on Canada, France, and Brazil
Employee Strategy		Recognize top employees, encourage mentoring
Product Mix		Promote medium-length tracks
Seasonal Sales		Boost campaigns in low months (Nov, Feb)
Revenue Revival		Analyze and counteract 2025 sales dip
